

MEXICAN BROUGHT REPORT

Of Capture of the Bandit Castillo, and It Is Not Reliable

VILLA IS DISAPPOINTED

Hoped It Was True So That Outlaws Could Be Publicly Executed in Juarez—Digging in the Tunnel for Bodies.

(ASSOCIATED PRESS TELEGRAM) Juarez, Mex., Feb. 11.—Efforts of officials of the Mexican Northwestern railroad to confirm the report of the capture of Castillo, the bandit, have been fruitless.

It was learned that the report was brought into Cumbre by a Mexican. Such messengers are not always reliable and while General Villa still "hoped" today that the report would prove true he said he feared disappointment. Although communication with Cumbre and Pearson is uncertain he thought such important news would have been rushed to him if true.

The ranch where the capture is reported to have occurred is 40 miles from Cumbre.

When General Villa heard of the capture he said:

"I hope it is true. If it is the entire band will be brought to Juarez and publicly executed. Every American and every citizen of Mexico will be invited to attend the execution."

"I feel a great responsibility in this Cumbre catastrophe. I had given the Americans guarantees that they would be protected, and having failed in this instance to have prevented the slaughter of innocent civilians, both American and Mexican, I want to vindicate myself at least to the extent of giving to the criminals the punishment they deserve."

General Villa today was still undecided to announce the date of his departure to take charge of the impending attack on Torreón. To those who wish to accompany him he promised two hours' notice.

Working from the south end of the Cumbre Tunnel, explorers traversed the length of the burned passenger train, but no bodies were found, as the wreck itself is buried in earth. Fragments of bones which appeared to have belonged to different individuals, were picked up.

A powder puff intact in its metal box, a small purse and the clasp of a larger one, believed to have been the property of Mrs. Lee Carruth, who perished, also were found.

The north portal is still belching smoke, and there is no telling when the remainder of the tunnel can be searched. Guards have been established at both portals to prevent attempts of hysterical persons to enter the tunnel in search of relatives.

Officers of the American patrol were in doubt today concerning a story told by Emilio Garcia, who said he helped Castillo's bandits wreck the train at Cumbre.

Garcia who was arrested near the border, said he deserted Castillo's band. He related a story of having sent burning trains into Cumbre Tunnel to prevent troops' movements. He will be held.

HUERTA BUYS ARMS AND AMMUNITION

(ASSOCIATED PRESS TELEGRAM) Mobile, Ala., Feb. 11.—President Huerta, of Mexico, has bought 10,000 rifles, and 500,000 rounds of ammunition from a gun company at Montgomery for shipment to Vera Cruz through this port, according to an announcement today by Robert Gayon, Mexican consul here. A despatch from Montgomery confirmed the sale.

The Norwegian steamer Fjell, which made a mysterious trip to Vera Cruz and returned in ballast three weeks ago, is here, waiting it is believed, for a cargo of arms.

DID NOT SALUTE MEXICAN GUNBOAT

(ASSOCIATED PRESS TELEGRAM) New Orleans, Feb. 11.—The Mexican federal gunboat Zarazosa which arrived here today fired a salute of 21 guns when she passed up the Mississippi river past Jackson barracks but the greeting was not returned by the United States troops. The Zarazosa's band also played Mexican airs.

Officers at the barracks said they had telegraphed to Washington for instructions as to what action if any they should take on a warship of an unrecognized power being in this port. None was received up to the time the Zarazosa passed the barracks at 4 o'clock this morning.

Immigration authorities had not expected to inspect the Zarazosa on the ground that she was a foreign warship of a friendly power. It had been reported that a Frenchman, an Italian and a Mexican of considerable importance were aboard the ship.

Mrs. Kingsley Swan Finds Reno Too Dull

Mrs. Kingsley Swan, has found that seeking a divorce in Reno, after the delights of New York City, is not so diverting an undertaking as she expected. She found Reno was horribly dull. There was tango, of course. There was everything you might see anywhere else in the world, but on a miniature scale. So she had to go away from there for a period, and she sought solace in what the inhabitants used to designate the "Paris of the West," San Francisco. She and a friend hiked off to the Pacific coast and put up at the St. Francis Hotel, where their tango efforts won publicity, as much publicity as they wished. Then they went back to Reno to wait the tedious months necessary to acquire residence there for court proceedings.

ARREST SEVEN SUFFRAGETTES IN DISTURBANCE

(ASSOCIATED PRESS TELEGRAM) London, Feb. 11.—Seven militant suffragettes were sentenced by the magistrate at Bow street police court today to four days' imprisonment for "obstruction and assaulting" in connection with the police attempt last night to arrest Mrs. Emmeline Pankhurst.

The women informed the magistrate that their demonstration of yesterday was a protest against the exclusion of the question of votes for women from the King's speech at the opening of parliament. There were no leaders among the prisoners. The women declined to furnish sureties to keep the peace for six months.

TENANTS DRIVEN TO THE STREET BY FIRE ALARM

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 11.—Six hundred men, women and children, one hundred and fifty families, were driven to the street in the snow by a four alarm fire, which wrecked a five story factory building in East 34th street early today. The building is in the heart of Corcoran's Roost and surrounded by tenements, all of which were empty. The loss was about \$100,000.

HANS SCHMIDT SENTENCED TO DIE IN CHAIR

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 11.—Hans Schmidt was sentenced today to die in the electric chair during the week beginning March 23 for the murder of Anna Aumuller. Schmidt was found guilty of murder, in the first degree, at his second trial after the jury which first tried him had failed to agree. Schmidt's lawyers pleaded insanity for their client but the prisoner would not aid them and said repeatedly he wanted to die.

Alphonse G. Koelble, his attorney expressed confidence that Schmidt will not die in the electric chair. He sent a cablegram to Schmidt's mother in Germany to that effect yesterday. It read:

"Do not worry. Your son will never die in the electric chair. Mr. Koelble said today that Schmidt had made an important statement but he would not say at this time, what it was."

WILL NOT STOP AT WASHINGTON

Paris, Feb. 11.—Adolfo de la Lanza, Mexican minister of finance, sailed from Cherbourg today for New York on board the Kronprinzessin Cecilie. Before leaving he said:

"I am returning to Mexico to devote myself to Provisional President Huerta's administration. I have a plan to meet all the Mexican national obligations, and I am convinced that the plan will accomplish its purpose."

"I shall not go to Washington, as I have not received any instructions from General Huerta to see anyone there."

RIVER BOAT BURNS AND FIVE DROWN

Packet Gem Destroyed By Fire 40 Miles From New Orleans

NUMBER SWIM ASHORE

Few Details of the Accident Have Been Received—The Fire Started in a Quantity of Moss, Which Was Part of the Cargo.

(ASSOCIATED PRESS TELEGRAM) New Orleans, Feb. 11.—Five persons were drowned when the Mississippi river packet Gem was destroyed by fire last night opposite Hannville, 40 miles from New Orleans, it was ascertained today. The dead include:

E. J. Comeaux, 20 years old, son of Captain R. J. Comeaux and clerk of the boat.

W. E. Barre, river pilot. The three other persons drowned were a negro woman passenger, the negro steward of the boat and a negro member of the crew. None of the bodies have been recovered.

Those who succeeded in swimming ashore from the burning vessel were brought to this city by a train today. Captain Comeaux of the Gem was badly burned. He was taken to his home here in a serious condition.

Few additional details concerning the burning and sinking last night of the packet were obtainable early today.

The first information of the accident came from Hannville by long distance telephone at an early hour today from Fred Ketchum, mate of the Gem. It is thought he floated some distance down stream before reaching the shore and the telephone at Hannville.

According to Ketchum's message the fire started in a quantity of moss, part of the miscellaneous cargo in the forward portion of the vessel and spread rapidly. The crew, directed by the officers, made a desperate battle against the flames but were finally forced to leap overboard together with the passengers aboard who equipped themselves with life preservers and boards.

Captain R. J. Comeaux, the master, was said to be among those who swam ashore. The vessel was valued at \$10,000 and was owned by the Comeaux Landing Packet company. She had left this city Monday and was on her return trip. The exact number of persons on board could not be determined at the company's office here early today.

AEROPLANE TRIP ACROSS ATLANTIC IS IMPRACTICABLE

According to Opinion of Orville Wright, One of the Pioneer Builders of "Flying Machines."

(ASSOCIATED PRESS TELEGRAM) Cincinnati, Feb. 11.—"A trans-Atlantic trip in an aeroplane is at the present time impracticable."

"It would be foolhardy for an aviator to try this trip with the engine now used in aeroplanes."

"I will not attempt a trans-Atlantic trip until greater perfection and more stability are secured for the flying machine."

Thus Orville Wright, one of the pioneer builders of "heavier than air" machines, answered the question here today as to whether he would try a trip across the Atlantic ocean in his machine.

"The machines as they now are constituted have not the staying powers required for a voyage of this length, and, under no circumstances will engines hold out under the continuous strain of such a journey," continued Mr. Wright.

"The engines are not heavy enough to withstand the constant shock and vibration without rest. I do not doubt that the trip could be made with ease if one or two resting places were provided on the way, but, of course, this is not the plan, and I cannot believe that an aviator who knows the same well would risk his life in an undertaking of this kind. Efforts have been made to cover the same distance on land and have failed and, while necessity may force many things, it will not bolster up a weak engine when once the leldown comes."

\$140,000 FIRE LOSS IN BIRMINGHAM, ALA.

(ASSOCIATED PRESS TELEGRAM) Birmingham, Ala., Feb. 11.—Fire early today destroyed the cotton seed house of the farmers and millers association of oil company. The loss on the building and stock was estimated at \$140,000, partially covered by insurance. The origin of the fire has not been determined.

Young Woman Sues South American Millionaire for \$500,000 for Breach of Promise

The ardent South American temperament of Octavio Guinle, believed to be a millionaire representative in New York City of a large exporting firm in Brazil, was the cause of his being haled to court just as he was about to board a steamer for Europe. Miss Monica T. Borden, a young woman of twenty-three, began suit against him for \$500,000 for breach of promise. She had him taken to court, where he was asked to put up bail of \$50,000. Not getting it at once he was temporarily restrained.

The sum asked for by the young woman is one of the largest asked in

a breach of promise case. But she insisted that since the man was a millionaire he would be able to pay that. He had lavished much money on her. In fact, she said, his income was not less than \$300,000 a year and he would not miss a half million. Guinle was caught the day before the wedding, according to the young woman. She said that all arrangements had been made for a wedding in a church near her home. When she saw her intended last he was packing his goods ready to go to Europe. He showed her a cablegram from his mother advising him to do nothing till he had consulted with her.

POTOMAC AND CREW ARE SAFE

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 11.—The navy tug Potomac, with a crew of 36, locked in the ice of the Bay of Islands off the New Foundland coast, is safe at a place near Rocky Point.

Wireless news of the Potomac's safety came in today via Campertown, Nova Scotia. The message was brief, only saying the Potomac was safe but locked in the ice and unable to make port. The message was flashed out from the Arlington towers to the revenue cutter Androscoggin rushing up the coast to the Potomac's relief and she will attempt to smash her way through the ice and liberate the tug.

What perils and hardships the Potomac's crews have undergone since last Thursday when they became lost to the world while on a mission of

rescue to two fishing schooners, already prisoners in the ice packs to which the Potomac herself fell a victim, were not known here today.

It is known that the Potomac was using her reserve coal supply last Saturday. Officials here thought at one time that her fuel had been entirely depleted and that with no power to operate her wireless equipment she was cut off from the world. The tug had plenty of provisions aboard, however, which she was taking to the relief of the imprisoned fishermen.

PROMINENT WOMAN DEAD.

(ASSOCIATED PRESS TELEGRAM) Clarksburg, W. Va., Feb. 11.—Mrs. Florence Davisson Post, wife of former Assemblyman Ira C. Post, and mother of Melville Davisson Post, the lawyer and author, died last night in her home at Temple Mount near here. She was a descendant of Daniel Davisson, the first settler here and was prominent in the affairs of the Daughters of the American Revolution, having served two terms as state regent from West Virginia.

STORM HOLDS OLYMPIC FROM MAKING DOCK

(ASSOCIATED PRESS TELEGRAM) Plymouth, England, Feb. 11.—The storm tossed passengers on board the battered Olympic, who had been eagerly anticipating relief from the miseries of their voyage from New York when they reached here today, had to go to Southampton. The fierceness of the gale prevented the landing of either passengers or mails. This was the first time in many years that such a thing had happened here to a liner from America. The weather inside the breakwater was so severe that the tenders were unable to get alongside the steamer. After two hours of futile effort, the Olympic proceeded.

Police are awaiting here to board the Olympic in connection, it is believed, with reports of a gambling dispute on the vessel during the voyage.

YOUNG MARENDI'S MURDER TRIAL BEING RUSHED

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 11.—Prosecution of Giuseppe Marendi, the young Italian who ruthlessly shot and instantly killed Policeman Edward J. Murtha in Brooklyn, is moving swiftly.

Marendi shot Murtha on Thursday night last while the policeman was searching him for a revolver. On Saturday the King's county grand jury indicted Marendi for murder in the first degree and today in the Supreme Court District Attorney Crosey asked the court to try the defendant at once.

The trial, it is expected will be a short one.

BIG BUTTER CONTRACT.

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 11.—The contract for the annual supply of 725,000 pounds of butter for the army will be let by Secretary Daniels here next Tuesday.

"PASTIME" FOR PROFIT" OR BOOKLOVERS' CONTEST BEGINS WITH A BOOM

Many a Home in Newark and All Surrounding Country Eager For Today's Picture

INTEREST EXCEEDS ALL EXPECTATIONS

Over \$3,000 in Prizes Will Be Awarded—No Entrance Fee, No Red Tape—Start Right Now at Beginning of the Big Contest—Each Contestant May Submit Five, But Not More, Answers on Different Coupons—Begin Now—It's Fun and It's Worth While.

The Advocate had an idea that the Booklovers' Contest would be popular with its readers but if anybody had intimated that the interest aroused would be half as widespread and great as it is, his judgment would have been disputed.

The demand for the paper increased and orders came from every section of the limited territory embraced in the contest.

The contest opened with a flying start, men, women and children everywhere being intensely interested.

All day inquiries came by mail, by telephone and in person for papers, for finding lists, for details, for prize lists. The street sales almost doubled. Many bought copies of the paper downtown rather than wait for the paper to be delivered to their homes.

The great reading public of Newark has surely caught the contest fever in its most pleasantly acute form, and while Newark is affected the same condition prevails all over Licking county and to a lesser degree in the several surrounding counties. Many orders for papers have come from Columbus, Mt. Vernon, Delaware, Lancaster, Somerset, Zanesville, Coshocton, New Lexington, Shawnee, Delaware and other towns located in the seven counties adjacent to Licking.

PORTO RICANS ARE SEEKING CITIZENSHIP

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 11.—Governor Arthur Yager of Porto Rico, who has come to Washington to ascertain what legislation affecting the island may be expected at this session of congress believes that a new organic act to govern Porto Rico should be enacted to supplant the present measure, which has been in force since 1890 and which he holds is becoming obsolete. He is in favor of a law which would give Porto Ricans citizenship and a greater measure of self-government. The islanders claim that they suffer commercial hardship in consequence of the application to their commercial interests of the American shipping law, which prohibits the carrying of Porto Rican products destined for American coastwise trade in foreign boats.

Secretary Garrison himself advocates placing Porto Ricans in the majority in the upper legislative branch of the Porto Rican government as was done in the Philippines.

THE ARBOR DAY PROCLAMATION OF GOVERNOR J. M. COX

(ASSOCIATED PRESS TELEGRAM) Columbus, Feb. 11.—Governor Cox today issued a proclamation designating Friday, April 10, as Arbor day. He asks that the people of the state observe it generally.

The governor's proclamation follows: "That men and women may remember and that little children may learn the significance of the things of nature in the world of God, I hereby design Friday, April 10, 1914, Arbor day."

"Let us gather at our places of study and elsewhere and devote a few hours each year to the planting of the trees and plants and flowers, to the birds of the air and the beasts of the field, and to all other created things. Let us plant each a shrub or tree or seed, to the end that life may be promoted and humanity all the better served. With song and speech let us proclaim that love and beauty of the outdoor world and receive each in his or her own way to enhance the usefulness and beauty of his or her environment."

"BAD EYE" HELD FOR A MURDER AT COLUMBUS

(ASSOCIATED PRESS TELEGRAM) Columbus, Feb. 11.—Frank, "Rube" Hart, 23, died at the Presbyterian hospital today from stab wounds inflicted Monday afternoon by "Bad Eye" Joe Miller.

Miller stabbed Hart over the heart and in the side. He was later arrested and is held at the city prison for murder.

Hart is survived by a widow.

SICKLES' HOUSEKEEPER DIES

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 11.—Miss Eleanor Earle, Wilkesburg, who for many years housekeeper for General Sickles, died yesterday at the home of her sister, with whom she lived. She had been ill about three months.

(ASSOCIATED PRESS TELEGRAM) Detroit, Feb. 11.—The proposed new charter for the city of Detroit was defeated yesterday by a majority estimated unofficially at about 10,000 votes.

LIFE WEARIES SEVEN PERSONS IN NEW ORLEANS

(ASSOCIATED PRESS TELEGRAM) New Orleans, Feb. 11.—Seven persons, five men and two women, tried to kill themselves in different parts of the city last night and three succeeded. The two women are among the four who will recover.

Frederick Anepohl, 32, a shipping clerk swallowed poison and died in the warehouse in which he worked.

Percy Carll, 50, hanged himself from a bedpost in his room.

Walter Grather, 32, despondent over ill health cut his throat and died in a hospital.

The two women made unsuccessful attempts to kill themselves by taking poison. One of the men who failed was found trying to open the arteries in his wrist with a penknife. The other tried to hang himself with a pair of suspenders.

SATISFACTORY CONDITION OF PUBLIC HEALTH

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 11.—A very satisfactory condition of the public health in 1913, is indicated by the general death rate of 13.3 per 1,000 of estimated population in the registration states and city, statistics for which the census bureau announced today. The rate for the same territory in 1912 was 13.6 and in 1911 was 12.9 per 1,000.

Of the eighteen registration states, Maryland with 16.3 per 1,000, showed the highest rate; Minnesota with 10.7, the lowest.

Other rates were: Ohio, 13.1; California, 13.4; Colorado, 11.9; Connecticut, 11.4; Indiana, 12.6; Kentucky, 13.4; Massachusetts, 14.7; Michigan, 13.1; Missouri, 12.4; Montana, 13.0; New Hampshire, 14.1; New Jersey, 14.7; New York, 15.2; Utah, 11.6; Vermont, 12.6; Wisconsin, 10.9.

Of the forty-five registration cities, Portland, Oregon, with 11.0 per 1,000, showed the lowest rate; Memphis, with 22.9, the highest.

Other cities rates were: Cincinnati, 17.2; Cleveland, 15.7; Columbus, 16.2; Dayton, 16.3; Toledo, 17.0; Providence, 15.9; Nashville, 19.2; Richmond, 22.4, and Milwaukee, 14.2.

Don't Tolerate Streaked Hair

There's No Reason Why You Should Wear Gray Hair Another Day If It Is Unbecoming.

Nothing so robs a woman of her good looks and attractiveness as gray, streaked or faded hair. And there is no more reason or sense in tolerating unattractive hair than there is in wearing unbecoming gowns. Nearly all of the more noted beauties long ago recognized this fact, and so wear their hair not only in the style, but also the color, most becoming.

The one hair stain that stands supreme is "Brownstone." It is simple and easy to use. Just comb or brush it into your hair. It can not be detected, will not rub or wash off, acts instantly, and is absolutely harmless.

"Brownstone" will give any shade desired from golden brown to black.

Your druggist sells "Brownstone" or will get it for you, and it is worth your while to insist upon having this sample and a booklet will be mailed you upon receipt of 10 cents, and your orders will be filled direct from our laboratories.

Two sizes—50c and \$1.00.
Two shades—One for Golden or Medium Brown—the other for Dark Brown or Black.

Prepared only by the Kenton Pharmaceutical Co., 422 E. Pike St., Covington, Ky.
Sold and guaranteed in Newark by J. P. Collins, Evans' Drug Store and other leading druggists.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate congested kidneys. To neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

DOUBLE POSTAGE WILL BE CHARGED ON ALL SHORTAGE

Double postage will be charged against all letters mailed short of postage in the future. If you have four cents' worth of matter and only place a two-cent stamp on the envelope the person receiving the letter will have to pay four cents to have it delivered. The order went into effect here Tuesday and in every postoffice in the country. The extra two cents will have to be paid by the addressee as a penalty for the sender's carelessness.

A new rate for printed matter has been established by the post-office department. Such matter, except books, in shipments exceeding four pounds in weight, will be given parcel post rates. The maximum is fifty pounds in the local, first and second zones, and twenty pounds in zones beyond the second.

Picking the Pikers

Some set-to when those two mid-gest Coulton and Williams exchange wallops out on the coast, if they ever do. There's many a doubting Thomas on that score.

"Ish cau, hoble," said Joe Tinker when told that he's lost the friendship by one Charley Murphy by not obeying the mandate of the powers that be in organized ball. Guess Josie figures that bean soup at Weehuman's is better than an occasional glad hand or a kick.

There is much ingratitude among baseball players. For instance, take that fellow Bob Besch, whom McGraw rescued from the Reds of Herrmannstown. Now he wants a raise in salary.

After watching Freddie Welsh in action the other night at Cincinnati many a good fan came pretty close to guessing just why Champion Ritchie continues to duck an issue in the ring with the British star. Can you blame him?

Poor old Kid McCoy; he has bobbed up again. Say, here's just another example of a good guy risking his life even for the filthy. Good job for the Kid. It's not Undertaker instead of Carpenter he intends meeting in that French ring.

"I'm coming," is the wall of one Wolgast, erstwhile king-pin of the lightweights. Lots of us will grow old, however, waiting for him to arrive.

Wonder if those race track magnates—Baechmeister and Hendrie, who are camping in the everglades of Florida are working on new system for tightening the screws on the vari-mutuels?

Such is fate. Had Iron Mask succeeded in lowering the American record of one mile, held by Salvador, he'd likely been retired instantly to a twenty-acre paddock of blue grass land. As it is he will now have to continue felling these people down at Juarez for a time at least.

Ragnar Omtvedt can jump 170 feet, more or less, on a pair of skis, but he has nothing on a couple of baseball players that we know.

Here's what one real mean guy said: "The trouble with Johnny Coulton is that he can't get over the effects of that beating Kid Williams gave—Eddie Campi. Faucy."

JOHNNY GRIFFITH PREPARING FOR HIS FIGHT WITH JONES

Newark fight fans will journey to Columbus tomorrow night to witness the twelve-round bout between Johnny Griffith, the Akron wonder, and Willie Jones of Brooklyn. This match promises to be the one big affair in fightdom at the Capital City this winter, and will attract hundreds of people from all over the state. In fact, the big auditorium at the Godeale arena, 55½ East Long street, will hardly be able to hold the crowd which will be present tomorrow night.

Prevent Diphtheria.

A sore throat is a good breeding place for Diphtheria germs. Protect your child by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the sore throat can be better defended the throat is attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 25c, 50c, and \$1.00

Bowling

LOCAL BOYS WON.
The two main match game on Wilson's alley last evening, after a long and hard fight, resulted in a victory for Jones and Bentz. The scores below show their superiority over two of the best bowlers of the Capital City. Mr. Bentz had high score and high total, especially showed his excellent ability in hitting the head pin. However, Louis did not win the game because he would still have a hole in the fringes and they were good ones. Neither of them got anything "in the neck" as was predicted by an old bowler.

Jones	190	203	170	228	170	961

POPE RECEIVES MEMBERS OF THE BASEBALL TEAMS
(Associated Press Telegram)
Rome, Feb. 11.—Charles A. Comiskey, president of the Chicago club of the American Baseball league, was well enough today to go with the members of the American baseball teams to the Vatican, where the party received by the Pope. Dr. John Edward Jones, American consul general at Genoa, who has attended Mr. Comiskey during his illness, accompanied the party, which comprised 70 people.

The Pope greeted the visitors with great cordiality. He thanked them for their visit and in a short address praised the practice of athletic sports for the strengthening of the body and at the same time the practice of religion to strengthen the soul. He then imparted to all the apostolic benediction.

Immediately after the audience at the Vatican, Mr. Comiskey went with Dr. John E. Jones and Professor Giuseppe Bastianelli to a medical institute where he was examined by Professor Ulderico de Luca with the aid of the X-rays.

The X-ray examination indicated that there was nothing serious in the condition of Mr. Comiskey.

CHANCE AFTER JOHNNY EVERS

(Associated Press Telegram)
Los Angeles, Feb. 11.—Frank Chance, manager of the New York American league team said today he was in the field to get Johnny Evers, the Chicago Cub manager let out yesterday by Murphy. "I don't care what the Federal league offers," he said, "I will pay money. I will play with him and I know and am sure he will play good ball for the New York American."

NEWARK PEOPLE TO SEE GAME AT DENISON TONIGHT

Newark people are deeply interested in the basketball game between Denison and the Buffalo Germans at the gymnasium in Granville tonight. The Germans appeared in Newark several years ago when they played the Y. M. C. A. team and their skill on the basketball floor was pleasing to the large crowd which saw the game. Denison will prove a worthy opponent in tonight's game and a number of local fans will make the trip to Granville to see the game. Over 300 extra seats have been provided for visitors.

WETS PROTEST OVERULED.

Youngstown, Feb. 11.—Judge W. P. Barrum overruled the wets' protests against the validity and sufficiency of petitions for an option election in Mahoning county, and named March 2, as the date when the election shall be held.

EVERS DEPOSED AS MANAGER OF CHICAGO TEAM

(Associated Press Telegram)

Chicago, Feb. 11.—The discharge of Johnny Evers yesterday as manager of the Chicago National league team and the appointment of Henry O'Day to succeed him while almost as great a surprise as the dismissal of Frank Chance in 1912, had been planned for some time. This became known today when baseball writers recalled an interview with President C. W. Murphy last week, in which Evers was criticized. The interview was not published and although Murphy indicated he still had a grudge against Evers because he thought him personally responsible for the loss of the city series last fall, none suspected that Evers was to be deposed.

Last Friday Mr. Murphy discussed at some length the advisability of having a bench manager instead of one playing in the game, and closed by asserting Evers "bad judgment enabled the White Sox to defeat the Cubs in the fall series of 1913."

"There are three types of managers," Murphy said, "the man who manages and plays in the games, the man who manages from the coaching line and the man who manages from the bench. Chance was a great man of the first type, McGraw and Callahan are great in the second, and Connie Mack and Stallins are leaders in their style. Evers is a great ball player, but too impulsive to be a manager and a player at the same time."

"We should have beaten the White Sox last fall. Evers' bad judgment cost us the series."

It is known by those who were in touch with the Cub affairs last season that Murphy had several conversations with his manager, and it was believed that only the success of the Cubs, last six weeks or two months of the season prevented the discharge of Evers at the end, or before the close of the season.

Long before the season was over Evers confided to some of his friends that he was manager in name only, because he dared make no move of any consequence without the sanction of Murphy.

During the fall Evers lived in Chicago and gave most of his time to the Cubs. When the Federal league became active in December, Evers was dispatched about the country and was successful in signing Vaughn, Leach, Pierce and perhaps two or three other players. While he was on this trip, O'Day, the new manager, was employed by Murphy to go to Chattanooga to sign Jimmy Johnston, the young outfielder.

Two of Evers' former team mates who now manage Federal league teams, Joe Tinker of Chicago and Mordecai Brown of St. Louis, will bid for Evers, if he becomes a free agent. Brown has already made him an offer.

Evers has expressed the desire to play again with Frank Chance, his old manager, but the latter is bound by baseball etiquette not to discuss the subject.

Tinker last night received a message from Charles Weehman, owner of the Chicago Federals, who is in New York with President J. A. Gilmore, to hold himself in readiness to start negotiations. Should it be found that Evers' contract has been violated these three would be on the ground to negotiate with the deposed manager.

TENER SAYS EVERS WILL GET JUSTICE BEFORE COMMISSION

(Associated Press Telegram)
New York, Feb. 11.—The disposal of Johnny Evers as manager of the Chicago Nationals by Charles W. Murphy, owner of the club, for the moment has sidetracked the important consideration that has brought so many baseball men to the city, the menace of the new Federal league.

The national commission members, Ban B. Johnson, August Hermann and John K. Tener were apparently so much perturbed at the news coming as it does at so critical a time in baseball affairs that they met and informally discussed the matter late last night. No public statement was made after the meeting, but it is known that Evers will go before the commission in the next day or two with his contracts.

Governor Tener, president of the National League, said that he would study the contracts held by Evers and that the player-manager would get justice. President Murphy of the Chicago Cubs said that he had nothing to add to his statement given out in Chicago concerning his disposal of Evers and signing of "Hank" O'Day, onetime manager of the Cincinnati club to take Evers place.

Strange that the authors of the currency law didn't see that about 7500 instead of 12 regional banks would be needed to satisfy all localities.

There is a general feeling among our unemployed politicians, that the reason why a lot of income tax collectorship jobs were created is not fully understood.

One Kind of Interlocking Directors.

A wide range of views is entertained in the business community as to the extent to which the so-called "interlocking directorates" should be forbidden. There is one species of business interlocking, however, in the smaller centers, to which few people would object, and which the new law should deal with very carefully if at all.

Uncle Walt

Grandmother.

Old granny sits serene and knits and talks of bygone ages, when she was young; and from her tongue there comes the truth of sages. "In vanished years," she says, "my dears, the girls were nice and modest, and they were shy, and didn't try to see whose wit was broadest. In cushioned nooks they read their books, loved the poets' lifting; with eager paws they helmed their mas at cooking and at quilting. The maidens then would shy at men and keep them at a distance, and each new sport who came to court was sure to meet resistance. The girls were flowers that bloomed in bowers remote from worldly clamor, and when I view the modern crew they give me katzenjammer. The girls were sweet and trim and neat, as fair as hothouse lilies, and when I scan the modern clan I surely have the willies. Refinement fades when modern maids come forth in all their glory; their hats are freaks, their costume shrieks, their nerve is bunkydory. They waste the night and in daylight they're doctoring and drugging; when they don't go to picture show, they're busy bunny-hugging. Then granny takes her pipe and breaks some plug tobacco in it, and smokes and smokes till mother chokes and runs out doors a minute.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Feb. 11.—[Special.]—No one is quite sure that the immigration bill, with its literacy test, is going to become a law. That it has a majority in both houses of two-thirds seems probable, but the doubt arises whether the two-thirds can be mustered in case the president vetoes the bill.

It is true that a Republican senate passed the bill over President Taft's veto and a Democratic house failed to secure the necessary two-thirds, although it was alleged that if all the members favoring immigration restriction had been present there would have been enough to make the bill a law.

But that was in the closing days of an administration. This is in the beginning of an administration which will last three years and perhaps seven years longer. Members of the dominant party will hesitate long before they pass any measure over the veto of their president.

May Approve It.

Of course no one knows that the president will disapprove the immigration bill, although it is said he has strong objections to the literacy test. Most of those who have been favoring the measure really hold that there is nothing much in the measure except that literacy test; that without it the bill would not exclude many persons now admitted. It has developed that there are two sides to this immigration restriction proposition. "It's by no means a jug handled question," remarked Speaker Clark.

Why It Died.

In discussing the immigration bill Congressman Caleb Powers of Kentucky told about the *Kaw* Nothing party which flourished in the fifties. He said that it had forty-three members of the house at one time, five governors and as many state legislatures. "Why did that party go out of existence?" asked Senator of Illinois, who was opposing the immigration bill. "Because it did not have support enough to keep it alive," replied Powers, which could not be gainsaid.

Preserving State Lines.

State lines are not going to fade without strong opposition being manifested. Discussion of the Alabama senatorship brought out unchallenged declarations that senators were not federal officials, but officials of the several states. It was the distinguished Morgan of Alabama who declared that senators were "ambassadors from sovereign states." As long as the semblance of that view is maintained, and many senators like to keep near it, there will be great difficulty in wiping

out the "twilight zone" between the federal government and the states.

Raker With a Reason.

Congressman Raker came into the house the day after his defeat in the Democratic caucus, when woman suffrage was stopped, with a beautiful rose in his buttonhole which he wore all day. It was a challenge that he was not annihilated, but would "live to fight another day."

Stays by Owen.

There is not much in the senate that Senator Owen wants that is not supported by Mark Smith. "If it had not been for Owen," said the Arizona senator, "our state would have been out in the cold yet. He saved us when he talked to death the bill admitting New Mexico, which left out Arizona." And now Owen is one of the strongest supporters in the senate of a plan which would prevent any senator from doing just what he did when he saved Arizona and Mark Smith.

Modify the Amendments.

Congressman Harrison of Mississippi scorned the proposition of the western men to include the negroes with the Asiaties in the measure which created such a flurry in the house recently. "Repeat or modify the Fourteenth and Fifteenth amendments," he said. "Pass a Jimcrow car law for the national capital. We don't worry over the negroes that may come here, but over those we have now."

And yet, in a way, the southerners were in sympathy with the people of the Pacific coast on account of the race problems which are confronting them.

"Personal Privilege."

Congressman Levy of New York rose to a question of personal privilege and had read an article which charged him with opposing the policies of the president and incidentally mentioned that he was a candidate for the senate.

"The gentleman has presented no question of personal privilege," interposed Bartlett of Georgia.

"He is accused of being a candidate for the United States senate," remarked Adamson, another Georgia man. "That seems to me to constitute a question of personal privilege."

Human Procession

That men may attain to the age of 150 years, and retain the full possession of their faculties to the last, is the belief of Thomas Alva Edison. The wizard of electricity will celebrate his sixty-seventh birthday today, and, if he should be able to personally prove the truth of his theory, he has not yet reached the half-way milestone on his life's journey. Edison comes of a long-lived family, which has included several centenarians, and, if he refrains from taking any more vacations, it is not improbable that he may establish a new modern longevity record.

The sage of Menlo Park believes that the life of the individual is relative to that of his ancestors. The man whose parents and grandparents and great-grandparents have lived long and useful lives has a good start towards longevity.

"Bugs"—bacteria, infusoria, germs,—are the worst obstacles to longevity, says the wizard. "They are trying to live off us," he declares, "we're good farms for them. We must adjust ourselves to them, conquer them, or die."

Mr. Edison probably has more trifling things to worry about than any other living man. The patience required to master all the myriad intricate details of a new invention would drive the average man mad. It is unnecessary to say that Mr. Edison is not the average man. Nothing "frets his wizard." He can see the work of years come to naught, take a fresh "chaw" of tobacco, and begin all over again, without even saying anything so profane as "Fudge!"

"A man must take everything as it comes, calmly," is his counsel. "He's not running the universe. If things go wrong no one need worry about it, for things do go wrong. Analyze most of these worriments and you will find they come from bad organizations."

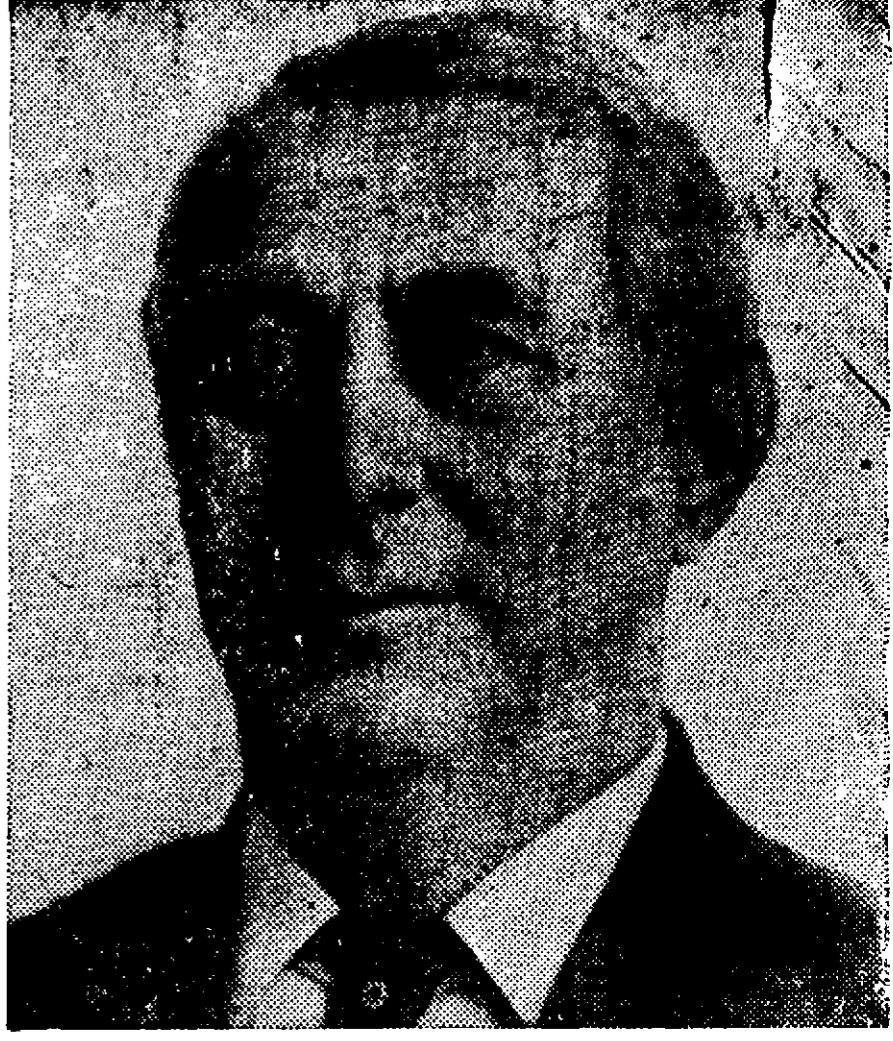

And bad organizations, the wizard will tell you, most often come from excessive and unwise eating. And drinking. "I know of nothing more devilish," he declares, "than the concoction called a cocktail."

Mr. Edison chews tobacco, but he doesn't advise others to follow his example. In his youth he was a smoker, but smoking was forbidden in the telegraph office where he worked, and he took to chewing as a solace. "The trouble is that when a man takes up tobacco or liquor he overdoes it," says Mr. Edison.

"Eating is too much of a social function," insists the inventor. "It should be just a fuel proposition. Children should be taught to eat little. Four tons of coal should not be piled into a furnace that needs but two. As a matter of fact, most people eat twice as much food as they need—and there's one reason for the high cost of living. Hard manual labor and physical exercise will enable a man to consume a lot of fuel, and keep his furnace clear of clinkers. The sedentary worker usually takes aboard two or three times as much fuel as he can consume."

Hoax—"I feel like kicking myself." "You don't want your best friend to go back on you, do you?"

A VETERAN DRUGGIST TELLS FACTS ABOUT PERUNA.

Mr. L. A. Richardson, Marine, Illinois, writes: "I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life."

"Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. If taken hourly in teaspoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Mr. Richardson's credit rating in the Hayes Druggists' Directory is "A," which means high, the very best.

Those who object to liquid medicines can now procure Peruna Tablets.

THRIFT

is the foundation of all financial progress.

Making money is not Thrift. Many people have fair incomes but do not get ahead.

The thrifty man does not get ahead no matter what his income, for true Thrift cuts the expenditure to stay inside the income and allows for saving.

Thrift pays tremendous dividends.

The four per cent we pay on savings is only a small part of what Thrift returns to those who practice it.

Thrift brings a satisfaction in living not to be obtained in any other known way, for it banishes worry, increases confidence and makes one's future assured.

We consider that we have fulfilled the highest purpose of this Association when we get a new depositor enthusiastic in the practice of Thrift.

The Saving of Money by the use of Royal Baking Powder is considerable

Royal is economical, because it possesses more leavening power and goes further. Royal saves also, because it always makes fine, light, sweet food, all digestible; never wastes good flour, butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal

Madame Isbell's Beauty Lesson

LESSON I—PART II

The Cure of the Skin.
If you live in the country, where you can get clean water, by all means bottle it and save it for face washing. If this is not practical, soften the ordinary water with a pinch of borax if you have reason to think it is at all hard.

How to Prevent Wrinkles.
As a woman gets older the skin needs more and more care, for Nature is less active in renewing it and throwing off impurities. There is also a lack of natural oil, and this is why women, as years go on, need to use cream of some sort and to refrain from the use of soap. Skin that is allowed to become dry wrinkles easily; it is far easier to prevent wrinkles than it is to cure them, and the first step in preventing them is not to allow the skin to become dry.

There is no question as to the necessity of toilet cream, the only question is, what kind? This depends on the skin and the purpose for which the cream is to be used. As a substitute for soap, a cleansing cream is necessary. This may be a soft ointment or a liquid, but it should be absolutely free from harmful ingredients, such as mineral oil and preservatives, and should be soft enough to be rubbed freely over the skin without causing any friction. A cleansing cream will keep the face clean, and it will lubricate and its use will do much to prevent wrinkles, sunburn, freckles and roughness, but it contains no healing properties, neither does it fatten or feed the skin.

Rules for Massage.
A very young face, as a rule, does not need massage, but as a woman approaches thirty, and, unfortunately, sometimes younger, the fatty tissue beneath the skin begins to fall away and, in consequence, hollows and lines and fine wrinkles about the eyes begin to appear. It is then that we resort to massage, which means the proper manipulation of the face so as to strengthen the muscles and feed the skin. In a future lesson I shall give you complete directions for facial and neck massage; for the moment I have only space to touch on the subject. The skin can only be fed in two ways—by means of the blood and by absorption from outside—and to do this we must use with the massaging movements a proper massage cream.

There are only a few facts that the skin can absorb, and a skin food therefore must contain such facts if it is to be of any use in removing wrinkles. A proper massage cream or skin food, a wrinkle paste, is a cream that is called, is much thicker than a cleansing cream; it is apt to be more expensive, but it need not be so freely used, and a small jar of it will last a long time.

Special Creams for Special Needs.
Blackheads, acne (what is commonly termed pimples), serious roughness or soreness of the skin, call for a special cream containing some healing agent. A healthy skin needs such a cream but rarely, perhaps never, but it is wise to understand the different face creams and their uses. First, there is the cream for cleansing and lubricating purposes, which every woman, young or old, needs; second, the massage or wrinkle cream, to be rubbed into the skin when wrinkles and lines are appearing; and, third, a healing cream for eruptions, blackheads and so on.

(Lesson I to be continued.)
Even the egotist may have the wool pulled over his eyes.

Society

On Monday evening about twenty-five friends of Leonard Klaus gathered at his home in 84 Curtis avenue to remind him of his twenty-ninth birthday anniversary. The evening was spent in games and a delicious repast was served. Mr. Klaus received a number of charming gifts.

The guests were Mr. and Mrs. Leonard Klaus, Mr. and Mrs. John Klaus and daughter Thelma, Mr. and Mrs. Paul Gervin, Mr. and Mrs. Fred Palmer, Mr. and Mrs. William Coen, Mr. and Mrs. Owen Howard and son George, Mr. and Mrs. George Conway and daughter Helen, Mrs. Mary White, Misses Frances and Lelia White, Carrie and Mary Klaus, Messrs. George and Andrew Klaus.

The Cotillion club will dance Thursday evening at Assembly Hall. This is the last of the series before the Lenten season.

A surprise party was given at the home of Mr. and Mrs. H. T. Wright on February 9, honoring the birthday anniversary of Mr. Wright.

The recent Public Health Exhibit is an indication of the kind of work they would like to pursue provided they have co-operation.

And now they come with the Summer Chautauqua and they ask the hearty support of Newark citizens. If you can't boost the Chautauqua don't knock it.

Other cities far smaller in population have carried on successful Chau-

taukas and are planning for one this season. Why can't Newark stand in the front rank? If one boy or girl receives an impulse toward a higher ideal and determines to win in life's struggle it will be well worth the effort.

Besides it will furnish recreation and rest for a whole week to many a tired one who feels it impossible to leave the city. Nineteen good entertainments for \$2.00 an adult and \$1.00 for children from 7 to 15 years. The women who are planning for this are giving time and energy most cheerfully. Won't you encourage them with your patronage? The canvass for guarantee sale will soon be on. Make up your mind to do your part toward making this a decided success.

The approach of spring was heralded in the decorations used at the bridge dinner given by Mrs. U. O. Stevens on Tuesday evening at her home in Hudson avenue. The color effect was violet and violets were used on the bon bon boxes, the place cards, the festooning ribbons and the centerpieces.

Following the dinner eight tables of bridge participated in the game and the souvenirs were awarded to Mrs. W. H. Mazey and Mr. Richard Collins.

Mrs. Joseph Sprague is entertaining at her home in North First street this afternoon with a bridge party.

Invitations have been issued by Mrs. Walter Ferguson for a luncheon and bridge to be given on Thursday afternoon at her home in St. Clair street. Mrs. Ferguson entertains out of compliment to Mrs. Frank Felix of Chicago, and the luncheon hour is one o'clock.

The members of the Tuesday Afternoon Bridge club were entertained on the club day of this week at the home of Mrs. Edward Kibler, sr., in Granville street. Mrs. Condong of Mt. Vernon appeared before the club the second time and gave instructions regarding the rules regulating the game of auction.

PRIEST—FREEMAN.
At 7 o'clock Tuesday evening, Dr. Sparks united in marriage Mr. Ralph C. Priest and Mrs. Lula Freeman. The ceremony took place at Mr. Sparks home on North Fifth street and following the wedding the happy couple

started for Akron, O., where Mr. Priest is employed and where they will reside.

The W. R. C. Coffee club that was to have been held at the home of Mrs. Henry Kreps on Thursday, has been postponed on account of illness.

Arrangements have been made for a called meeting of the City Federation of Women's Club to be held at Taylor hall on the afternoon of Thursday, February 12, at 3:30 o'clock. The officers are desirous of a large attendance and there is important business to come before the meeting.

The Semper Fidelis class of the First Presbyterian church was entertained at the home of Mrs. Horner in Mound street on Tuesday evening. The hours were informally spent and a delicious luncheon was served the class members.

One of the most delightful social events given by the Knights of Columbus, was the formal dinner dance given by the fourth degree knights to the organization on Tuesday evening in Assembly Hall. The dancing hours were from 8 to 1 and the grand march at 9 o'clock was led by Mr. John Feeney and Miss Christine Young. At 10:30 dinner was served in the balcony. The dance program was furnished by the Reynolds orchestra.

The dancers were: Mr. and Mrs. E. W. Ryan, Mr. and Mrs. Jno. W. Seidel, Dr. and Mrs. J. P. H. Stedem, Messrs. and Mesdames T. J. Ferry, P. J. Campbell, M. T. Healey, Jno. Connelly, W. E. Foley, H. F. ARREST MAN AND CLAIM HE USED MAIL TO DEFRAUD

(ASSOCIATED PRESS TELEGRAM.)
Elmira, O., Feb. 1.—Allen O. Thomas, 48, was arrested at a hotel here today by detective Zarke and held for United States Marshal Henry N. Wilson of Pittsburgh on a charge of using the mails to defraud. It is charged that Thomas sent forged checks through the mails. He is accused of selling to William K. Kaufman of Coraopolis, Pa., two lots for \$2,200 when he did not own the property. He is also charged with similar operations elsewhere.

GRANVILLE MAN CRITICALLY ILL AT COLUMBUS

Granville, Feb. 11.—Robert D. Williamson of Granville, is lying dangerously ill at the Hartman hotel in Columbus with scarlet fever. He left here last Wednesday and was taken sick in Columbus while staying at the hotel. His wife and a trained nurse are attending him and he is constantly delirious.

A water pipe burst in a room above Cicero hall, which is located on the second floor of the Doane Academy building, yesterday afternoon and caused a great deal of damage. It was discovered about 2 o'clock, at which time the ceiling of the room was soaked with water and as the result of this a large piece of the plastering fell to the floor. The water was mopped up constantly in order that it would not soak through and ruin the ceiling of the room below. The leak in the pipe was soon repaired and outside of the damage done to the ceiling and wetting the carpets the loss was slight.

Mrs. C. B. Slack will entertain with a thimble party this afternoon. The second semester opened today at Denison and college will soon resume the usual routine after the semester recess and the examination week.

The Denison Glee club is expected to return at 8:30 tonight from a trip through eastern Ohio, New York and Pennsylvania for the past week.

Obituary

Mr. J. M. Stewart.
Death summoned an aged resident of Newark, Mr. J. M. Stewart, age 87, who died at the home of his daughter, Mrs. Edward D'Armett 6 Livingston avenue Wednesday morning. Death resulted from ill health incident to old age. Mr. Stewart was born in Pennsylvania, and resided the greater part of his life in Columbus. For the past fifteen years, however, he has made Newark his home. He is survived by two sons and a daughter, E. P. Stewart of Augusta, Ga., and Mrs. D'Armett of this city.

Mr. Stewart was a faithful member of the Methodist church for a number of years. The funeral arrangements have not been completed.

Funeral Held Wednesday.
The funeral of Oliver J. Buchecker was held Wednesday afternoon at the Lutheran church south of Newark, Rev. G. Bohon Schmitt officiating. Interment was made in the cemetery adjoining the church.

Child's Funeral.
The funeral of Mike Viskof, age 6 years, was held Wednesday morning. Interment was made at Cedar Hill cemetery.

Money Versus Love.

"Rather an amazing statement was published in the papers the other day," announced the Bachelor Girl. "Quite a number of amazing statements are published in the papers," replied the Bachelor. "That's true," laughed the Bachelor Girl. "But this was statistics."

"Statistics are wonderfully compliant things. You can make them say almost anything you want them to. To me, they are like the mean temperature and rainfall and such. There never is such a thing, except in figures on paper. You suffer the highest and lowest, but you rarely enjoy the mean."

"I could make a pun, but I nobly refrain," smiled the Bachelor Girl. "But these statistics of mine are true. They are not average or mean or anything of the kind. They are facts. And they are to the effect that money is the chief cause of all the marital woe we hear of in the land. The records of the divorce and criminal courts show that money is the greatest disturbing factor to a happy matrimonial career. Now, isn't that dreadful?"

"Well," philosophized the Bachelor. "At present, money is very necessary to existence. Yet lots of people seem to think that in marriage, love is all that is necessary."

"But don't you think it is dreadful that the happiness of marriage should depend on anything so sordid?"

"But in this age, one must be practical as well as idealistic. To think one can get along in married life without a sufficient income is foolish."

"But it is worse, at any rate, just as bad, to think one can get along without love."

"You don't have to. The thing to do is to have both."

"But think of love being wrecked because of the lack of money," protested the Bachelor Girl.

"It's sad," agreed the Bachelor. "But you know yourself that when the wife has to continually nag for money, or the husband has to growl to keep down bills, or there really isn't food, and the children are crying with-hunger, it is mighty hard work to keep the fire of love burning as brightly as it should. The thing for a couple to do is to foresee this and not get married until they have a sufficient income. And they need to consider practically this matter of a sufficient income. It included, if the income is small, whether the wife knows how to manage, whether the husband is willing to cut down some of his personal expenses, what it costs to pay rent and buy food and clothes for two, and all such things. I am not sure but that married life will flow along more smoothly without love than without money."

"Now you know you do not mean that," protested the Bachelor Girl. "When there isn't love, think of the quarrels and the coolness and all that."

"And when there isn't money, think also of the quarrels and the exchange of personalities and all that. The thing to do is, as I have said, to have both love and money. I think your statistics were right. And I think they are worthy the serious thought of any one contemplating becoming a benedict. I have already studied the subject very thoroughly, so that I do not need to give it any further attention, in case you care to set the date."

But the Bachelor Girl was softly playing a ripply little melody on the piano, and did not seem interested in dates.

EATING RELIEVES STOMACH TROUBLE

A Prominent Physician's Advice.

"Eat good foods and plenty of them. Dieting in many cases, is almost criminal. Get back to normal. To do so you must have the proper quantity of nourishment. You need it for brain or physical work. Probably there is nothing the matter with your stomach, except acidity. That is merely an abnormal secretion of acid in the stomach. Neutralize that acid and your stomach trouble will end at once. Next effect may mean ulcers if not cured of the stomach. Do not take patented medicines or patent tablets for dyspepsia. Simply take a neutralizer of acid. Decidedly the best neutralizer is ordinary crushed, bisulphated magnesia. You can get it at any drug store for a few cents. Take a teaspoonful in a quarter glass of water after each meal. The relief will be immediate." Advertisement.

IS APPOINTED RECEIVER OF BRICK PLANT

Common Pleas Court Wednesday afternoon in the case of the Park National Bank vs. The Hanover Press Brick Co., appointed P. S. Phillips receiver, both parties consenting to the arrangement. The court issued an order that the receiver should operate the plant. Bond for the present was fixed at \$10,000.

TRADE DIGEST OF NEWARK TRUST CO.

"Change in sentiment" is accredited with producing the present optimistic outlook in the business and financial world, according to the February trade digest issued by the Newark Trust company. It is charged that the numbers of unemployed around holiday season was greatly exaggerated. The report comprises a deduction from all obtainable data on each of the basic subjects on which business depends.

PICKPOCKET, 70 YEARS OLD, WAS ARRESTED TODAY

ASSOCIATED PRESS TELEGRAM
New York, Feb. 11.—New York's oldest pickpocket, 70 years old, scarcely able to walk but still active in petty crime, added today another arrest to his long record. His name is John Hanley; the police call him the ghost of the past. He was caught stealing a purse from a girl in a crowd yesterday.
"I've been in the business for some forty years," said Hanley, "and in jail most of the time. My father tried to make me a stonecutter, but I was too delicate to work. What chance is there for an old man now?"
Hanley was first arrested as a pickpocket in 1874.

SLATES ABOLISHED.

ASSOCIATED PRESS TELEGRAM
Lima, Feb. 11.—Every pupil in the public schools of Lima will march to the teacher's desk and deposit their slates today, then they will be broken and carted to the public dump. After wrangling until past midnight, the school board voted to abolish slates in local schools.
"Mender of Soles."
James Broughton, "Mender of soles", in the Arcade Annex, has just leased the room adjoining his shoe repairing shop and will soon open a store for the retail sale of mne's, and boys' shoes. This location is just south of the Singer Sewing Machine company's office.
Special to Granville.
An effort is being made to secure enough "fares" to Granville tonight to warrant a special car. Tentative arrangements have been made for the car to leave at 8:50 o'clock giving patrons of the basketball game an opportunity to get to the gym early enough to be sure of good seats. Dr. Turner Improved.
Some slight improvement was noted Wednesday in the condition of Dr. W. S. Turner, who has been seriously ill for several days with pneumonia, in his home in North Fourth street. His son, Victor Turner, a medical student in Johns Hopkins university, arrived in Newark Tuesday night.
Boys' Meeting.
The regular Sunday Boys' meeting will be held at the Y. M. C. A. Sunday at 2 o'clock. The doors will be open at ten minutes before two. F. E. Holloway will be the speaker and a film of motion pictures will be shown. All boys over ten years of age are invited. The Boys' orchestra will play.
St. Louisville Telephone Exchange.
The directors of the Newark Telephone company at a meeting held Tuesday night accepted the telephone franchise granted by the council of St. Louisville. The Newark company will proceed to build an exchange at St. Louisville this spring connecting it with the Newark system.
Held for Massillon Officers.
William H. Koontz was taken into custody Tuesday night upon the request of Massillon officials who charge that he departed from that city without settling for a board bill. It was also alleged that he took an overcoat belonging to some one else. An officer from Massillon will arrive Wednesday evening to take charge of the prisoner.
Haver Is Transferred.
Charles Haver who has been turnkey at the city prison for about five years, will vacate the residence side of the prison and turn the keys over to George McClure, headquarters officer, who has been made turnkey, according to orders issued by Safety Director Dorton. Mr. Dorton has also indicated that patrolmen also will be allowed to choose their own beats, selections being made in the order of seniority.
County C. E. Union.
The newly elected executive committee of the Licking County Christian Endeavor Union held a meeting in the Central Church of Christ and the following action was agreed upon: That an effort be made to get all Christian Endeavor Societies, not already affiliated with the county union, to join it and to undertake a campaign of organizing new societies wherever possible.
Community Christmas Tree Fund.
Truant officer T. G. Handel to whom was given a part of the community Christmas tree fund, has made a report showing that he has bought and distributed 10 baskets of provisions (117), three pairs of best shoes (117), four pairs of best shoes (117), ten pairs of stockings (117), seven pairs of underwear (117), and 100 pairs of socks (117). He also reported that he had made a full page announcement in the Newark Herald, and that he had been back of the proposition to have the slacks made by the city.

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diapepsin" cures sick, sour stomach in five minutes—Stop starving stomach!

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your inside filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggists hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. I belong in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

HERE'S AN OLD ONE.

Now our wise rulers and the law
Say none shall wash on Sunday:
So Boston folks must dirty so,
And wash them twice on Monday.

Virginians Happy Over Their New Governor

Virginia has seldom taken as much interest in a public official as in Governor Henry Carter Stuart, whose inauguration has just taken place. From all over the state Democrats and Republicans flocked to Richmond to see him take office. The services at the inauguration were said to be an inspiring spectacle of the confidence the people of the state have in their new chief executive.

The new governor is fifty-nine years of age. He is a graduate of William and Henry College. He has long been in politics, but largely as a delegate to conventions. The offices he has held were not particularly important. He is a relative of General "Jeb" Stuart, the famous cavalry leader, and the widow of the soldier was one of those prominent at the inaugural ceremonies.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

OLD-TIME COLD CURE-DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

IF YOU DON'T SLEEP, EAT OR FEEL WELL

You Should Use a Good Tonic.

A nerve tonic that will give you renewed vigor—one that will refill your veins with pure, rich blood—one that will excite your whole system to healthy action.

Morse's Glycerole has for thirty-five years been recognized by physicians, druggists and users as possessing exceptional merit. In fact, it never fails when intelligently used.

Morse's Glycerole contains nothing but the purest and best vegetable ingredients, scientifically blended.

In cases of insomnia, nervousness, brain lag, wasting vitality, etc., a single 50-cent bottle of Morse's Glycerole will demonstrate its great value as a reconstructor of the nervous system.

Morse's Glycerole is sold and guaranteed by most druggists in this State, but if you have any trouble in obtaining a supply, write to, or call on Evans' Drug Store of Newark. Remember, your money will be returned, if you are disappointed.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. Agents, Hall's Drug Store.

Y. W. C. A. MOVES INTO HANDSOME NEW QUARTERS

The Ludlow building has been turned over to the Y. W. C. A. and bit by bit the association is moving into the new quarters and they are certainly ideal.

Much more commodious than the West Church street location it will adequately care for all the needs. The building has been completely overhauled and redecorated and is all "a bright and shining" as new paint and paper can make it.

The dining room is on the first floor, north side of the building, and is done in blue and white. All the tables and chairs have been enameled and the walls are in blue and white. The floor is covered with blue and white linoleum. A pretty little lobby centers the building and from this a pretty open oak stairway goes to the upper floors. On the south side of the building, ground floor, will be located the general office while in the rear of the building, back of the stairway and general office is the gymnasium. The floor has been dropped three feet in this room and a box seat runs around the entire room.

Back of the dining room is the kitchen, which has been remodeled, and is done in drab.

The parlors of the association will be located in the two southern rooms on the second floor and across the hall from the parlors will be the reading and writing room. A large bay window affords opportunity for a charming sun parlor. Back of the reading room is the class room. There is a bath and a number of bed rooms on the second floor, while in the back, two rooms have been arranged for the domestic science kitchen and dining room. Three front rooms on the third floor will be reserved for transients while the remainder will be fitted up in bed rooms. Two connecting rooms will be converted into a dormitory. To a girl working in the city, the association makes an ideal home. Rooms can be secured for 50 and 75 cents a week, nicely furnished and delightfully kept. In the dormitory sleeping quarters can be had for 25 cents a week.

There will be sixteen rooms fitted up for renting purposes and each floor has a bath. The shower baths are located in the basement, while the linen room is on the third floor.

The first meals will be served on Friday and it is expected that most of the classes will be resumed on that day.

The corps in charge of the association is exceptionally capable. Miss Hazel Pettigill is the general secretary, and she is assisted by Mrs. Pierce, house secretary, and Miss Crosby, physical director.

The association has accomplished much in the city since the organization and its marked success has been a source of pride to the people of Newark who interested themselves in its organization.

HOW TO GAIN HEALTHY FLESH

W. A. Erman Advises Use of Samose

While thinness may not be disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attached.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. W. A. Erman believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers and to induce them to use it, he offers to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of his faith in it. He has seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

MAMMA, DADDY AND CHILDREN ALL LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "Fruit Laxative" Cleanses the Stomach, Liver and Bowels Without Any Gripping.

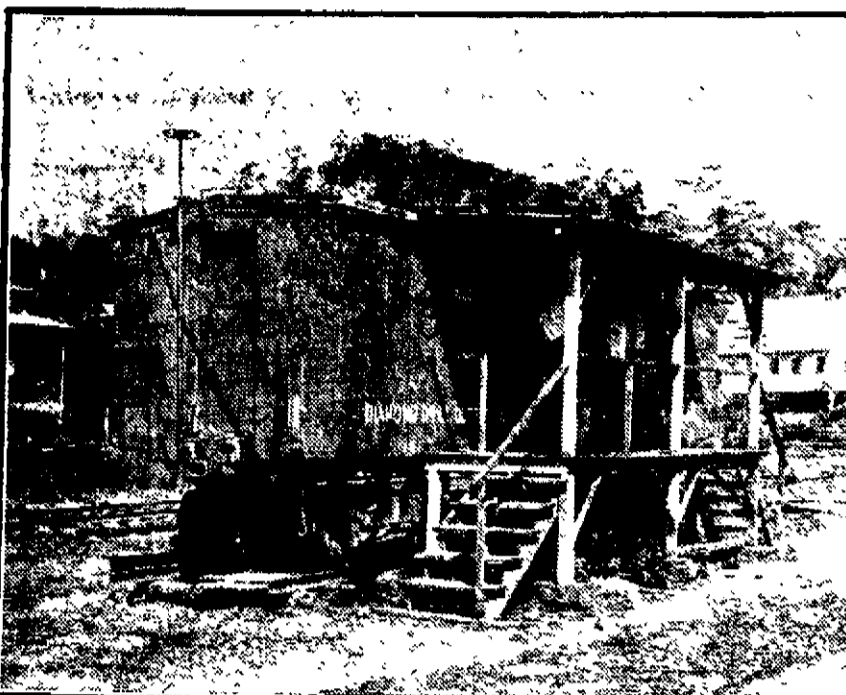

A delicious cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, sallowness—take "California Syrup of Figs." For the cause of all this distress lies in a torpid liver and sluggish bowels.

A table-spoonful tonight means all constipation, poison, waste matter, fermenting food and sour bile gently moved out of your system by working without gripping. Please don't

think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children because this delicious fruit laxative can not cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel regulator and tonic ever devised.

Your only difficulty may be in getting the genuine; so ask your druggist for a 50 cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the California Fig Syrup Company." This city has many counterfeit "fig syrups," so watch out.

A WAY STATION ON THE PANAMA CANAL.

Along the line of the Panama canal the local railroad stations are in a very simple style of architecture. Everything is sacrificed to utility. A great deal of time and labor is saved by converting the familiar box freight car into simple and serviceable stations. A ticket window is cut on one side, a slot for a letter drop and the station is complete. Once the site of a local station is decided upon, a siding is quickly laid, and the "station" is run down on the next train and switched into position. A rough platform, roofed with corrugated iron, and a set of steps completes the station. The accompanying photograph, which was snapped by a tourist on one of the pleasure cruises of the Hamburg-American liner Victoria Luise, shows the station out of rush hours. The permanent furniture of the station includes several benches in the waiting room, a hand fire extinguisher and a couple of bunches of bananas to help the traveler while away the time between trains.

Banish the "Blues!"

If you have that depressed feeling it's more than likely that your blood is out of order—impoverished or poisoned.

There is only one thing that will alter your present condition—that's to restore your stomach to normal health and strength. For a weak or diseased stomach cannot make good blood. If your digestion is bad your food will not make the good blood which nourishes body, brain, heart and nerve.

Dr. Pierce's Golden Medical Discovery

helps the stomach to do its work naturally and properly. Stimulates the liver. The system is freed from poison. The blood is purified. Every organ is rejuvenated. Instead of the "Blues," you feel fit and strong, equal to any task or up to any pleasure.

This great remedy has proved its worth year after year for over forty years. Let it prove its worth to you. Sold by medicine dealers in tablet or liquid form or send 50c for trial box by mail.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Advice, 160c pages, clothbound. Address Dr. R. V. Pierce, Buffalo.

UTICA HERALD PAYS US COMPLIMENT

No contest ever caused such general and deep interest throughout Central Ohio as the Booklovers contest under the auspices of a Columbus paper last year, and hundreds of people in this vicinity will be delighted now that the Newark Daily Advocate has instituted a similar one in which the prizes amount to more than \$3,000. Confined to Licking and adjoining counties.

This sort of contest is an educator of the best kind, and soon you will all be "crazy" and will be discussing books and pictures with everyone you meet. There is no entrance fee, all you need do is clip coupons from the Advocate and figure them out and send them in at the close of the contest, after 70 pictures have appeared—one each day. The first picture appeared Tuesday of this week.

The first prize is \$500 in gold, the second a Smith & Nixon \$350 piano, and there are 98 others. The Advocate will send you a complete list and full particulars on request by postal card.—Utica Herald.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1-4 oz. of glycerine. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp. You can prepare it at home at very little expense.

REPORTS OF THE INVESTIGATION ARE MADE PUBLIC

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 11.—Extracts from the report of the investigators appointed by the commission on industrial relations to ascertain the relationship of the Western Federation of Miners to the industrial disturbances in Michigan and Colorado were made public today. Announcement was made that supplemental reports will be issued soon dealing specifically with the Michigan copper strike. Today's issue treated principally with the organization of the federation in Montana and Nevada.

ORDINANCE FOR PROMOTION OF PUBLIC MORALS

(ASSOCIATED PRESS TELEGRAM)

Zion City, Ill., Feb. 11.—The city council last night passed an ordinance for the "promotion of public morals of the regulation of the conduct of citizens." The first section of the ordinance makes it unlawful to do any act, suggest any conduct or say any word that is profane, vulgar or immoral, or that has a tendency to offend public decency.

The second section is directed chiefly at flirting and makes it unlawful for any person in a loud or boisterous tone to ask any other to accompany him or her in a buggy, carriage, automobile or other vehicle or for a walk.

Section three prohibits any operator of bicycle or motorcycle from taking any person of the opposite sex in his machine except on a side seat. The ordinance also prohibits sleeves which expose a woman's arm above the middle of the forearm and forbids slit skirts.

IS HYDROAEROPLANE A MARINE CRAFT?

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 11.—Is a hydro-aeroplane a marine craft, and as such subject to the navigation laws? This is the legal problem which A. L. Thurman, solicitor of the department of commerce was today asked to solve by Assistant Secretary Sweet.

The question arose in connection with a passenger line between St. Petersburg and Tampa, Fla., which makes two trips daily carrying patrons back and forth, by hydro-aeroplane. In case this flying craft of amphibious nature can be construed to be a "vessel" within the meaning of the law its pilot will be required to secure a license from the government.

ANTISEPTIC WRAPPINGS FOR BRIDAL PARTY

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Feb. 11.—Not even seeing his bride because she and he were swathed in antiseptic wrappings, as was the officiating rabbi, Milton Newman was married to Miss Theresa Peyser last Sunday night, it became known here today. Both are residents of Baltimore, here Miss Peyser was formerly a nurse in Johns Hopkins Hospital.

The wedding date had been set for last Sunday at the home of a friend in this city, but last week Miss Peyser became ill with scarlet fever and was quarantined. Newman insisted that the wedding be carried out as planned and was given permission by the board of health. A health officer and a nurse were the only witnesses. Rabbi Julian Morgenstern, the bride and groom and the witnesses were swathed from head to foot in the antiseptic wrappings and immediately after the ceremony the bride was taken to a hospital. Today she was said to be well on the road to recovery.

VAPOR TREATMENTS FOR COLD TROUBLES

Are now used in all hospitals. The vapors carry the medication to the lungs and air passages without disturbing the stomach. When Vick's "Vap-O-Rub" for Croup and Pneumonia Salve is applied over the throat and chest, these vapors—of Menthol, Eucalyptol, Camphor, and Pine Tar—are released by the heat of the body. Usually the worst colds go in one night—croup in fifteen minutes. Vick's is fine for head cold, asthma, and catarrh, and is absolutely harmless. Three sizes—from 25c up.

GIVE TESTIMONY IN INVESTIGATION OF BOATS' COLLISION

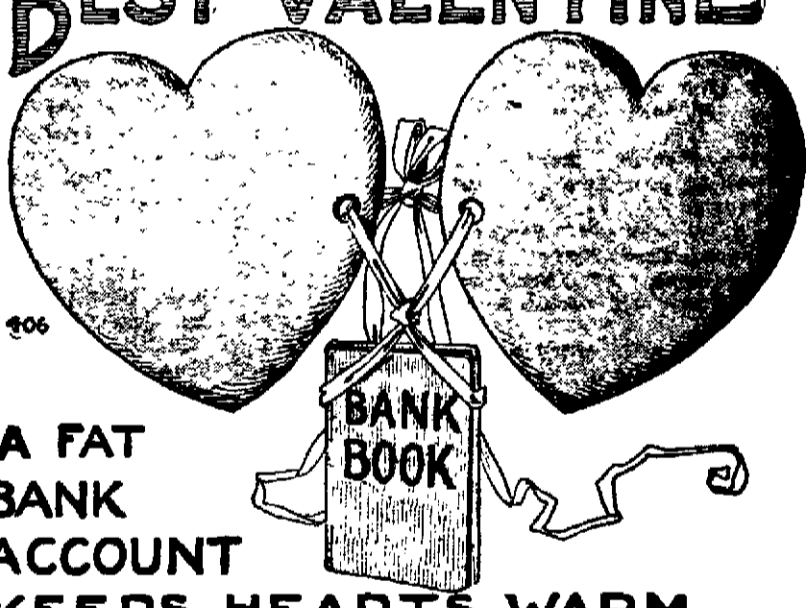

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, Feb. 11.—Details of the collision between the steamships Nantucket and Monroe which caused the loss of 41 lives on January 13, off the Virginia coast, were given by witnesses at the trial of Captain Oswyn Berry, commander of the Nantucket, which began here today before members of the United States board of steamship examiners in the federal building. Reford Sargent, government steamboat inspector at this port, and David H. Howard, local government inspector of boilers, constitute the tribunal. Passengers and members of the crew who were rescued from the Dominion liner and everyone who was aboard the Nantucket have been summoned to appear at the trial which will probably continue for three weeks.

FAVORITES WHO PARTICIPATE IN ELK MINSTRELS

Harvey Moore, of the Mt. Vernon lodge of Elks, and a former resident of this city, having successfully managed the Orpheum theatre when it was one of a string of houses comprising the Sun & Murray circuit, has promised his Newark brothers that he will participate in their big minstrel show on Thursday and Friday evening of next week.

Mr. Moore, who is one of the noted entertainers and singers of the country will sing "Rebecca of Sunnybrook Farm." Those who have heard him in that song number state that he is

perfection and that his song will be one of the big hits on the first part. He has a grand voice and the tuneful number which he has selected will be whistled and hummed many days after the minstrel is over. He will also appear in a specialty in the olio entitled "The Unexpected Guest," an act arranged by Mr. Harry Shunk, and the latter gentleman will participate in entertaining the audience. It is said to be full of comedy and will be one of the many hits of the show.

Mr. Shunk, who is also an old Newark favorite, will sing a number of his parodies and his travesty work with Mr. Moore will be greatly enjoyed. The latter gentleman also will sing several popular selections and the local lodge was indeed fortunate in securing the services of these two gentlemen to assist in the minstrel program.

Clyde Reasoner of the Zanesville lodge of Elks, is also on the program in the first part. He will be remembered for his participation in the minstrel of two years ago when he and Earl Murphy "pulled" the "Holy City" song number. Mr. Reasoner being seated in the audience. It made a hit and when Mr. Reasoner went upon the stage and sang the "Songs My Mother Used to Sing," he won a place in the hearts of his audience. He is going to sing "We've Been Chums for Fifty Years," and it's going to be just as big a hit as his song of two years ago.

The Elk minstrel is going to be the one big event of the winter. Tickets can be reserved next Monday at 9 o'clock, each person in line having the right to reserve ten seats. Be there and enjoy some of the good things that are to be uncorked.

"Uncle Tom's Cabin." Before the Civil War, there was hardly a plantation in the South but boasted a whipping post to which the owner's slaves were fastened while being punished with the cruel whip. To faithfully depict the actual scenes in that part of the south with which the story deals, Manager Washburn uses in his production of Stetson's Uncle Tom's Cabin, which will be the offering Friday matinee and night at the Auditorium a whipping post which was in service on a Red River plantation for many years prior to the Rebellion. Its genuineness cannot be disputed when one reads the affidavit of the farmer-owner, which Manager Washburn always carries and a copy of which is on file in a Louisiana court of record. Seat sale opens Thursday morning.

"Mutt and Jeff."

An event of more than usual importance is chronicled for Saturday matinee and night at the Auditorium where Gus Hill's latest production, "Mutt and Jeff in Panama" is to be the next attraction. Everybody knows of "Mutt and Jeff" and their adventures. In their new sage vehicle they will have plenty to do and that they will entrench themselves and make new admirers easily goes without saying. Owen Davis wrote the book, while Will H. Cobb and Leo Edwards are responsible for the jingles and tunes. "Mutt and Jeff" are carried through a series of scenes and situations with a melodrama tinge and flavor. They are here, there and everywhere, bobbing into view when least expected and leaving a trail of happy and infectious mirth in their wake. There is a vein of love in the story which they help to unfold. This is merely confined to the hero and heroine. As for themselves they are so busy extricating themselves from their various pitfalls that they have no time to think of the divine passion. Seat sale opens Thursday morning.

"Traffic in Souls."

"Traffic in Souls," a motion picture play, will be at Auditorium for three days starting with Sunday matinee. It is one of the most interesting pictures which has appeared in Newark.

It deals with the White Slave problem and portrays the detestable conditions which surround young girls of the present day. The picture is said to have been founded on facts secured by the Rockefeller Investigating Committee of New York. Over six hundred scenes are shown, picturing the career of a young girl who falls prey to the vicious cad of the White Slave traffic. The more significant feature of the picture is the part which is supposedly reputable citizen plays in the traffic, he being the man high-up. The method he employs to cover up his deeds by the use of innumerable go-betweens in a revelation and the audience has little sympathy for him when he is arrested, causing the death of his wife and the insanity of his beautiful daughter, who was about to be married to the best social catch of the season. Performances are given at 2 and 8:30 p. m.

"Cranford"

I am sure you are going to Cranford.

It's to be next Friday night, You mustn't think of missing.

Such a quaint and lovely sight.

You will see dear, prim Miss Jenkins.

And her sister, Miss Mattie too.

And Captain Brown's two daughters.

I am sure, will appeal to you.

And it's such a worthy object.

The library don't you know, is sadly in need of money.

Now really you should go.

It will cost you only a quarter.

And it's surely worth that sum.

To see Thelma girls in Cranford.

Now tell me, won't it be fun?

Be at Newark High next Friday.

The hour is promptly eight.

Make certain and be there on time.

Miss none by being late.

I would like to tell a secret.

To the young men of this city.

And then with your permission,

I think I'll close this ditty.

There isn't a man in Cranford.

Not one in that queer old town.

Where the girls wear such cunning bonnets.

And quaint old-fashioned gowns.

Boys, boys! here's a chance in a thousand.

Besiege Cranford before it's too late.

A quarter's the price, the crowd will be nice.

And February thirteenth's the date.

UNION STATION.

The meetings closed last Friday night. Rev. McCall will be with us again in three weeks.

Mrs. Gary Carlyle is getting along nicely since her operation.

Mr. and Mrs. Ray Cheek of Johnstown spent Monday night and Tuesday with friends here.

Owing to the bad weather there was no Christian Endeavor last Sunday night. All try to be present next Sunday night. Mrs. Lee is leader.

ANOTHER ANSWER.

"Of course you have your little theory about the high cost of living."

"I have," replied Mr. Growcher. "Too many people are trying to make political economy take the place of domestic economy."—Washington Star.

PAIN, STIFFNESS, RUB RHEUMATISM AWAY! IT'S GREAT

What's Rheumatism? Pain only! Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

BRIGHT BOY BOB.

It was Robert's first visit to the Zoo.

"What do you think of the animals?" inquired Uncle Ben.

After a critical inspection of the exhibit the boy replied:

"I think the kangaroo and the elephant should change tails."—Youngtown Telegram.

HOW TO KEEP WELL IN WINTER.

Do not let your blood get thin this winter. For people who have a tendency toward anemic or bloodless winter is a trying season. Lack of exercise and fresh air, the more restricted diet, many things combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood take a short treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white, your eyes dull and your ears like mother of pearl. It is so much easier to correct thinning of the blood in the early stages than later.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the general health is improved, the appetite increases, the digestion is strengthened and the ambition and energy do not drop. Work becomes easier because it does not cause exhaustion.

Keep your system at its highest efficiency with Dr. Williams' Pink Pills, the great blood builder and nerve tonic. Your own druggist can supply you. A box for "Building Up the Blood" will be mailed free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. It is well worth studying by all who do not enjoy complete health.

An Early Showing Of Fine Rugs

Our rug stock is now complete and we are showing a beautiful line of fine Wilton rugs. The softest effects in a Wilton rug are possible only when the softest yarn is used. Choice selections of fine worsted yarns are the basis of these exquisite floor coverings. The newest designs and colorings are now in our stock, in all the room size rugs, for ordinary size rooms and rooms requiring extra large rugs. Small rugs to match all room size rugs. A visit to our rug department will be of interest to you and we call your attention to our line of

Bundhar Wilton Rugs

You will surely find just the color and design that will carry out the decorative scheme of dining-room, living-room or library.

These famous floor coverings are woven of a specially prepared yarn, with a pile that is thick enough to feel soft and rich under foot, yet not so thick as to mat down under pressure. It is this that gives them the long-wearing quality that has won for them the name of being "durable as iron."

The designs are unusually attractive—many are faithful reproductions of rare Oriental rugs while others are the creations of the Hardwick & Mace designers.

The colors are beautifully blended and, because of the superior quality of the dyes used, they retain their beauty until the rug is worn out.

Bundhar Wilton Rugs are here in over two score regular and unusual sizes.

And the prices are satisfactorily moderate.

Fine Curtains

With your new rugs you'll want new curtains for drapery. Ask to see our

COUNSEL

FOR STATE ALSO IN EMPLOY OF EASTERN RAILROADS IS CHARGE MADE.

Hearing Before Utilities Commission Relative to Quo Warranto Suits Against Five Roads.

(ASSOCIATED PRESS TELEGRAM) Columbus, Feb. 11.—Open charges that special counsel employed by the state to prosecute suits against the Chesapeake & Ohio, Toledo & Ohio Central, Hocking Valley, Lake Shore & Kanawha and Michigan Central railroads are also retained by Eastern railroad interests were made by representatives of these companies in a hearing held today before Governor Cox, Attorney General Hogan and the public utilities commission.

The railroads against whom quo warranto suits are pending in the Franklin and Lancaster county courts to compel dissolution of their inter-ownership, urged the state officials to dismiss the suits on the ground that the question involved already has been decided by the United States circuit court of appeals at Cincinnati.

Robert W. McCoy and O. E. Harrison, of Columbus, and M. A. Daugherty, of Lancaster, are the state's special counsel. Mr. Harrison was the only one mentioned specifically as representing "outside parties." C. T. Lewis, of Toledo, representing the Lake Shore, T. & O. C., and Zanesville & Western roads made the charge.

Lawrence Maxwell, of Cincinnati, counsel for the Chesapeake & Ohio railroad, told the state officials in conference that the Virginia railroad is instigating the action against the railroads in hope of getting control of a road to the lake.

The Virginia company hopes the Ohio courts will compel dissolution of the alliance between the companies and thereby may buy stock and gain control, he said.

He declared that M. Hymes of Boston, a director of the Virginia company, spent large sums of money to get a "quo warranto attorney" to press Ohio courts into action against the companies named in the suits now pending. Hymes represents the railroad interests of the late Henry H. Rogers.

Attorneys retained by the state against whom the charges were made denied the charges.

Mr. Daugherty declared the points involved in the state suits were not decided by the federal court, and urged that the cases be allowed to continue to a decision.

Do you want to repeat the Tennessee Coal & Iron case here in Ohio by having the executive authorities withdraw the suits at this stage?" he asked. "If you want to see a repetition of the New Haven system of railroad combination that exists in Connecticut, let one railroad own another in that state. If the C. & O. has the right to own or control the Hocking Valley, it has a right to own any other road in Ohio."

Mr. Maxwell, speaking for the C. & O. road declared if the state suits were withdrawn, a new company probably would be organized to build a railroad from Portsmouth to Columbus, to connect here with the Toledo & Ohio Central. He acknowledged this would be an economic loss now, but asserted it was necessary in view of the federal court's decision.

"Building of that road would mean an investment of more than has been spent for a single new line in Ohio for twenty years," said Mr. Maxwell.

Senator J. B. Dollison, of Hocking county, was in Columbus today and protested to the governor against the withdrawal of the suits against the railroad companies. "They are needed as a club to keep them from overcharging Ohio coal producers," he said.

The three suits now pending in Franklin and Fairfield county courts are against the Chesapeake & Ohio, to show by what right it owns and controls the Hocking Valley; against the Lake Shore, Toledo & Ohio Central and Zanesville & Western, challenging the right of the Lake Shore to control the other two companies; and against all of the above named companies, alleging infringement of the Valentine anti-trust act of Ohio.

WILL APPRECIATE GOOD QUALITIES OF WARNES LAW

John A. Dodd, Supervisor of district assessors was in Newark today in conference with District Assessor W. H. Anderson and stated that every bug is in readiness to start the deputy assessors in the different counties of the state sometime within the month. Mr. Dodd has been in ten or more counties in the past few weeks and declares that he people are beginning to appreciate the good qualities of the Warnes law and that time will prove it to be one of the most successful measures of Governor Cox's administration. Mr. Dodd complimented Mr. Anderson on the manner in which he has organized his office and requested his work and offered assurance that Licking county will be well taken care of in the department presided over by Mr. Anderson.

Common Pleas Court. In the case of Lewis Seesholtz vs. Edward Foster et al. which was tried to the court and jury, a verdict was returned in favor of the defendants.

Plaintiff brought suit to recover damages for injuries sustained to his left hand while engaged in working on a saw mill sometime since.

The court and jury on Wednesday took up the trial of the case of Marion M. Fay vs. Henry C. Pickins. Plaintiff brings the suit to recover the sum of \$500 and interest, subject to a credit of \$5 which he claims is owing by the defendant, Pickins.

The defendant denies the execution of the note and says that he never signed it.

SPLENDID BOOKS BOUGHT OF NORTON IN BIG PRIZE LIST

In the announcement of Booklovers' Contest prizes the Advocate included an item reading "\$50—two sets of books"—The A. L. Norton company. Desiring to do a little more than was promised the Advocate today purchased from Mr. Norton two beautiful sets of standard books 3-4 leather, one set being priced at \$35, the other at \$27.50—a total of \$62.50, instead of \$50.

The title of these books, like the titles of the books shown in the pictures from day to day, is a secret for a little while, but soon a detailed announcement will be made. Rest assured the books are standard and are beautifully bound. They will be an ornament to any library. These books will be two of the prizes in the Advocate's big contest.

The prizes will number 100 or more and their value will exceed \$3,000.

The rules are simple. There is no entry fee and no red tape. The contest just starting is open to all in this section, except a few. See the rules. First prize \$500 in gold. Are you in?

MYSTERIOUS FLUID IN BOTTLE AROUSES POLICE DEPARTMENT

A lodger in a South Second street home, who changed his rooming place several days ago, left behind a number of bottles, one of which was filled with a mysterious looking fluid. A gas well man, to whom the bottle was shown, declared "it looked like nitroglycerine." Headquarters Officer Moore brought the bottle to the police station and the young man was ordered sent in.

"Is this yours?" demanded the officer when the young man appeared. "It is," he promptly replied and told a straight forward story regarding the bottle and its contents. It was a harmless fluid left in an old medicine bottle.

SOCIETY BUTLER THIEF CHARGED WITH THE CRIME

(ASSOCIATED PRESS TELEGRAM) Portsmouth, N. H., Feb. 11.—George Gunning, alias "Polar Bear," the aged "society butler thief," who was brought here from Philadelphia, was held in \$10,000 bonds today on the charge of stealing jewelry valued at \$20,000 from George H. Studebaker of South Bend, Ind. The jewelry was taken from the Studebaker cottage at Little Boardwalk on June 17, while Gunning was employed there as a butler.

Gunning was arrested in Philadelphia on his release from prison, after serving a term for stealing diamonds in that city.

WEATHER BUREAU MAKES GOOD ON ITS FORECASTS

The chief of the weather bureau at Columbus is to be excused if he acts a little uppish these days. He

has made several good guesses as to what the future would bring in the way of weather. His prognostication that Tuesday would find a slight drop in temperature with snow flurries was fulfilled. The temperature Tuesday night registered about 2 degrees as compared with 26 degrees Monday night. The ground was covered with snow by 8 o'clock, though it was hardly deep enough to make sleighing attractive.

INDIAN BUFFALO HUNT.

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 11.—Purchase by the government of the colossal, statuary known as The Indian Buffalo Hunt, would be provided for at a cost of \$100,000 under a bill introduced today by Representative Rainey of Illinois. The group will be cast in bronze and suitably mounted and located at an appropriate place in Washington.
